

Übersichtstabelle Teleskopschienenführungen

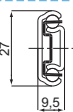

Teleskopschienenführung

Einstufige Teleskopschiene

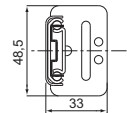

Für leichte Belastungen

Typ FBL27S

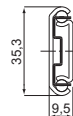

Typ FBL27S-P14

Typ FBL35B

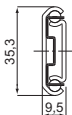

Typ FBL35J

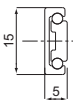

Typ FBL35S

Typ FBL35S-P13

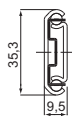

Typ FBL35S-P14

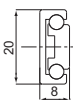

Typ E15 (Aluminium)

Typ FBL35M

Typ E20 (Aluminium)

Für mittlere Belastungen

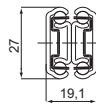

Typ FBL35T

Zweistufige Teleskopschiene

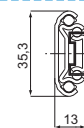

Für leichte Belastungen

Typ FBL27D

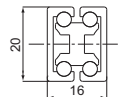

Typ FBL35E

Typ FBL35E-P14

Typ D20 (Aluminium)

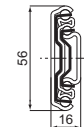

Für schwere Belastungen

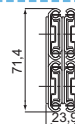

Typ FBL56H

Typ FBL56H-P13

Typ FBL56H-P14

Typ FBL35K

Eigenschaften und Typen

Übersichtstabelle Teleskopschienenführungen

Kugelkäfigführung

Für mittlere Belastungen

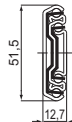

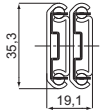

Typ FBL35G-P13

Typ FBL51H

Typ FBL35G-P14

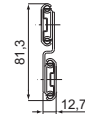

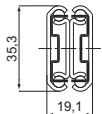

Typ FBL51H-P13

Typ FBL51H-P14

Typ FBL35D

Typ FBL35W

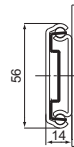

Für leichte Belastungen

Typ FBL35F

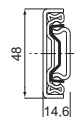

Für mittlere Belastungen

Typ FBL56F

Für schwere Belastungen

Typ FBL48DR
